A Report on Teachers' Participation in Various Courses and Programmes during the Session 2020-21

During the session 2020-21, a good number of teachers from our College had undergone various online Faculty Development Programmes (FDP) and other programmes like Webinars, Short Term Courses etc. because of the ongoing COVID-19 Pandemic situation. Some of the teachers had also undergone various online Orientation programmes, Induction programmes, Refresher programmes etc. for the academic, intellectual and professional growth in their respective fields. It is believed that such programmes, opportunities and exposure will provide the serving teachers hands-on experience to share their views, opinions, academic ideas, exchange experiences with their peers and mutually learn from each other. These would be an ideal forum to keep themselves abreast the latest advances and technological development in their respective field of study.

The in-service teachers through the Professional Development Programmes, Orientation programmes, Induction programmes, Short Term courses etc. were able to acquaint and familiarize themselves with the use of new ICT tools thereby making themselves "Internet literate". Twenty-seven (27) teacher members from our College had participated in various online FDP programmes on Applied and Computational Mathematics, Outcome-Based Education, Moodle Tests for Teachers, ICT Tools for Teaching Learning Process and Institute, Research Methodology etc.; National and International Webinars on India's New Education Policy-2020, Sustainable Development, Literature, Migration, Transnationalism and Us, Corporate Reporting Fraud and Financial Markets, NAAC and Quality Enhancement Strategies, The Evolving Art of Teaching etc.; Online workshops on Basic Bioinformatics Tools and Techniques, Time Series and Panel Data Analysis etc; Short Term online courses on Modern Mathematical Tools in Calculus and Analytics, History of European Literature, Human Rights etc. These apart, some of our faculty members had also participated in various online Orientation/Induction and Refresher programmes conducted by the UGC-HRDC.
